

Worlds End Conservation Native Plant Species List: 11/2020

Non underlined species are from the old species list. Post-2018 species are underlined
Conservation ratings are from <https://spapps.environment.sa.gov.au/SeedsOfSA/home-.html> except Eucalypts from Nicolle D. 2013. 'Y' if at least 'near threatened'

Note: many species (esp in the Compositae and Gramineae) have been renamed since original list was compiled and this needs to be updated
